Tim,

Yes please. If you could send the first 6 reports to James Miles and I it would be helpful. That way we'll have the originals instead of what filtered through the email trail.

Thanks,
Mark

Yes, happy to do. Report 7 may be our last report. Would you like me to send you the prior 6 reports? I am including my Lab Director and NERL communications for their information.

Subject: Request for Sampling Data involving GenX/PFAS at Chemours

Tim,

Could you please include OECA staff (Rosemarie Kelley, Joe Theis and James Miles) on reports concerning sampling results for GenX or other PFAS substances involving the Chemours facilities? Mark Strynar quickly provided me with the Report # 7, (thank you Mark), but my Office Director Rosemarie Kelley would like to receive the information concurrently with the Regional staff so she is up to date when issues are being discussed about how to respond to the test results.

Thanks,
Mark
